LUBE EB 200

1082.2501

Drilling/Completion

Product Description

LUBE EB 200 is a custom-engineered lubricant additive, a low pour-point designed to reduce torque, drag, and bit balling in drilling operations using brines or produced water drilling fluids.

Product Function

LUBE EB 200 is a lubricant for both reservoir and non-reservoir sections when drilling with WBM's.

Features and Benefits

LUBE EB 200 is non-toxic and environmentally friendly.
LUBE EB 200 provides an increased rate of penetration (ROP) and is designed to impart lubricity in fluids. In extreme low-temperature climate conditions, most lubricants typically require heating prior to use, LUBE EB 200 - lubricant provides a solution for complex circumstances where the need for a consistently performing lubricant is essential.
LUBE EB 200 performs in the toughest downhole conditions, improves efficiency when integrated with industry-leading rotary steerable drilling systems.
LUBE EB 200 provides the highest power output for the fastest polycrystalline diamond compact bit drilling.
LUBE EB 200 reduces torque, drag, and vibration in challenging well paths.

Recommended Treatment

Initial treatments of 1 to 4% by volume should be added to the circulating system. Additional concentrations can be added during sweeps. Customized pilot testing is recommended prior to treatment for all systems.

International Shipping References

Transportation of LUBE EB 200 is not restricted by any regulatory agency.

Standard Packing

LUBE EB 200 lubricant is available in 55-gal (208-L) drums.

Safe Handling Recommendations

Utilize normal precautions for employee protection when handling chemical products. Utilize appropriate respirator, gloves, goggles and apron. Refer to the Material Safety Data Sheet (MSDS) for this product prior to use.

Typical Physical Properties

- Physical State: Liquid
- Reservoir Compatible: Both
- Sub Category:
- SG value: 0.91
- Flash Point (CC): >65 °C
- Max Temperature:
- Category:
- Product Tier: Premium
- Appearance: Dark brown/black liquid.
